

Cornell Health Sports Medicine

110 Ho Plaza Ithaca, New York 14853-3101 t. 607.255.5155 f. 607.255.0269 www.health.cornell.edu

Dear Cornell student athlete:

The NCAA (National Collegiate Athletic Association) requires that all athletes on stimulant medication for the treatment of ADD/ADHD provide adequate documentation of diagnosis and treatment to allow for a medical exception. Stimulant medications are banned for use by NCAA athletes unless medical necessity is clearly documented by their university.

To participate in Cornell Athletics, you must secure the attached documentation from your health care provider. (Submission of this information is required every year of NCAA athletes who require stimulant medications for treatment.)

To meet this requirement, please take the following steps:

- 1. **Fill in the section at the top of the form** that begins with "To be completed by Cornell student athletes." If you are under age 18, your parent or guardian also must sign the form. Your health care provider will not be able to provide this information without your written permission.
- 2. **Provide the materials to the clinician** who provides your treatment for ADHD/ADD. Request that he/she complete and return the form and any supporting documentation to you as soon as possible. *It is your responsibility to make sure Cornell Health Sports Medicine receives your form.*
- 3. Send the completed form to Cornell Health
 - UPLOAD through myCornellHealth:
 - Go to mycornellhealth.health.cornell.edu
 - From Home Screen, click on "Messages."
 - Then "New message;" then "Send message or attachment to Health Records."
 - > or FAX: 607.255.0269
 - or MAIL: Cornell Health, Attn: Requirements Office 110 Ho Plaza Ithaca, NY 14853-3101

Timely provision of this information is critical to your participation as a student athlete at Cornell. We greatly appreciate your assistance in complying with NCAA requirements.

Sincerely,

Amy Sucheski-Drake, MD Clinical Director of Sports Medicine
